Node.js	Bootstrap	GIMP

Work Experience

Freelance Work - Ohlone College - Front End Developer
November 2016 - Current
- Complete overhaul of website for Computer Science professor Jon Degallier
- Implementing HTML5 & CSS3 standards
- Writing media queries so that it is fully responsive (Desktop to mobile)
- General website maintenance with file uploading and debugging
- Being used by Intro to computer science students at Ohlone College

Codify Academy - Lead Mentor & Front End Developer
August 2016 - Current
- Lead a team of mentors to guide students in 16 weeks how to use and understand the fundamentals of semantic HTML5, CSS3, Bootstrap, JavaScript, jQuery, version control (Git), JSON, and AJAX through project based learning. The curriculum that we teach also introduces how to use AngularJS
- Teach students how to curate a resume that is suitable and ready for the job application process
- Assist students in searching for entry level developer roles
- Provide 1 on 1 tutoring to ensure students are up to date and can be held accountable for projects/freelance work

Freelance Work - Austin Gatan Photography - Web Developer
August 2016 - September 2016
- Created a multi-page portfolio website for client
- Developed with minimal bootstrapping to make the website responsive but also unique enough to stand out from other bootstrap websites
- Implemented minimal JS to decrease page load time due to a large amount of high-resolution photos
- Used Magnific Popup plugin for the user to click on any image in the gallery and view it as a modal. The user can move back and forth between the images without leaving the modal view

Namedrop.Io - Front End Developer
June 2016 – September 2016
- Rebuilt front-end using Aurelia and AnguarJS into a single-page web application
- Maintained front-end code with ES6 features

Freelance Work — iamNU Music Profile Page - Web Developer
March 2016 – March 2016
- Implemented Jquery and Javascript functions for the one-page scroll animation feature
- Used Google Search API tailored for Soundcloud searches to give user result of searches with an overlay design

Education

Codify Academy
February 2016 – June 2016
Front End Web Development w/ Certification

Chabot College
2011 – 2014, 2015 - Current
B.S Computer Science
